Subject: Recommendation

To: Kevin <[kwhite222@bellsouth.net](mailto:kwhite222@bellsouth.net)>

I would like to express my heartiest recommendation of **Kevin White**. I found him to be an outstanding thinker and worker, extremely self-motivated and goal oriented.

I am the owner of a software development company, and Kevin was one of my first employees. He took it upon himself to learn the **programming language** (Hypercard) that we were using and improved the software we had written for a client, including making crucial fixes while I was out of the country and had left operations in his hands.

I think this is typical of the level of competency that Kevin strives for in anything he does. I think he would make an excellent candidate for a position requiring high levels of both creative and technical skills.

Sincerely,

Mitchell Glaser
